WÜRTH INDUSTRIE SERVICE & CADENAS

About CADENAS GmbH

Since 1992, CADENAS has stood for innovation, success and creativity. As an independent software provider, CADENAS develops customized solutions for the manufacturing industry.

In particular with the display of 3D CAD geometries, CADENAS has set the benchmark in mechanical engineering and plant construction.

Together with component suppliers, CADENAS creates CAD data that are then made available to component buyers in the form of electronic product catalogs.

The Würth Digital Catalogue on PARTcommunity

Würth Industrie Service, offers CAD data online for all customers. The CAD data base was created in partnership with CADENAS.

The Würth CAD data is available in native and neutral formats. This means, that the files can be imported in any CAD system simply by clicking the mouse without losing data.

Therefore Würth customers can easily download and import CAD data from PARTcommunity into their constructions, thus setting new standards in customer services.
